SAGE AND SULPHUR
DARKENS GRAY HAIR

Brush this through faded, lifeless
locks and they become dark,
glossy, youthful.

Hair that loses its color and lustre,
or when it fades, turns gray, dull
and lifeless, is caused by a lack of
sulphur in the hair. Our grandmother
made up a mixture of Sage Tea and
Sulphur to keep her locks dark and
beautiful, and thousands of women
and men who value that even color
that beautiful dark shade of hair
which is so attractive, use only this
old-time recipe.

Nowadays we get this famous mixture
by asking at any drug store for a
30 cent bottle of "Wyeth's Sage
and Sulphur Compound," which dark-
ens the hair so naturally, so evenly,
that nobody can possibly tell it has
been applied. Besides, it takes off
dandruff, stops scalp itching and fall-
ing hair. You just dampen a sponge
or soft brush with it and draw this
through your hair, taking one small
strand at a time. By morning the
gray hair disappears, but what de-
lights the ladies with Wyeth's Sage
and Sulphur is that, besides beauti-
fully darkening the hair after a few
applications, it also brings back the
gloss and lustre and gives it an ap-
pearance of abundance.—Advertise-
ment.

FINANCES AND
MARKETS

[Republican A. P. Leased Wire]

NEW YORK, Nov. 10 (Wall Street)
—A distinct line of cleavage be-
tween Standard stocks and those in
the speculative class was the signifi-
cant feature of today's active mar-
ket. Investment issues, especially
high grade railroads were consistent-
ly strong and in good demand, while
war shares and allied issues were
again subject to severe shrinkage.
Declines in war stocks during the
precipitate break of the mid-session
ranged from 5 to 10 points, while
Bethlehem steel at its low figure of
40 showed a loss of 35, though closing
at 430. The weakness of Bethle-
hem was naturally ascribed to the
damage and possible delay in opera-
tions resulting from a fire at the
company's main plant, but the vio-
lence was attended the slump in
such descriptions as Baldwin Locomo-
tive, Studebaker, Lackawanna steel,
Crucible steel and Continental Can
were largely in the nature of a
weeding out of weakened accounts.
U. S. Steel, in which trading was
the largest of any recent day, opened
at a fractional decline, but gradu-
ally rose 2 1/2 to 87 1/2, closing at a
small fraction under its maximum.
Steel's strength was directly trace-
able to the corporation's highly
satisfying October statement which
disclosed an increase of about \$50,
000 tons in unfilled orders and ex-
ceeded any similar exhibit since the
early months of 1913.
Railway stocks were at their best
in the later dealings, Southern Pa-
cific and Canadian Pacific leading
the broad upward movement. South-
ern Pacific's rise of 3 1/2 to 104 1/2, its
highest quotation in two years, gave
point to the negotiations now under
way between a banking system and
the Pennsylvania railroad for the
latter's large holdings of Southern
Pacific shares.
Average gains of 1 to 2 points
were scored by Union Pacific, St.
Paul, New York Central, Reading and
Norfolk and Western, and specialties
made pronounced recoveries, some
showing net gains on the day. Total
sales amounted to 1,220,000 shares.
Bonds shared only in moderate de-
gree with the advance in stocks, ad-
ditional "future" sales creating some
irregularity. Total sales par value
aggregated \$5,355,000.
U. S. bonds were unchanged on
call.

CHICAGO GRAIN.

CHICAGO, Nov. 10.—Wintery con-
ditions northwest, giving sanction to
reports that the maximum of the
spring crop movement had been
reached, were effective today in lift-
ing the wheat market here. Largely
as a result, the finish, although un-
settled, was 13-8 to 15c cents net
higher, with December at 102 1/2 and
May at 104 1/2@104 1/2.
Corn closed 1 1/2@1 1/2 up. Oats
showing a gain of 1/2 to 3/4c, and
precisions varying from 20 cents de-
cline to a rise of 2 1/2c.
Unexpected strength in quotations
at Liverpool added to the anxiety of
wheat traders.
Pit speculators in wheat had an
unusually bad day.
Corn showed independent strength.
Unsettled weather was an incentive
to buying. Oats hardened with other
cereals.
Hog arrivals, much in excess of
what had been looked for, weakened
the provision list as a whole. Never-
theless a few upturns at the last
were scored because of ho bulge in
grain.

Litigants in Divorce Suit Go to Court in Their Automobile

Arriving in their automobile as hus-
band and wife and leaving the court
house not only legally separated but
rivals in business, was a chapter en-
acted in the lives of Harry and Anna
Smith yesterday.
The principals are Indians of the
modern type. Their education served
them well when it came to fine points
of division. They were divorced, their
property was separated and even their
children were counted in on the fifty-
fifty arrangements.
The plaintiff charged cruelty and
said she had to seek refuge at the home
of her sister on the Salt River Indian
reservation. Her husband replied that
while he felt justified in giving her an
occasional beating, he was perfectly
satisfied that she be granted the di-
vorce.
He kept the motor car and five of
the seven children, while there was an
equal division of stock, horses and farm
machinery.
Each child has been allotted ten acres
by the government and Anna Smith
declares she will farm part of this as
a business rival of her former husband.
The case was heard before Judge
Lyman. The plaintiff was represented
by Hayes and Laney and Baker and
Baker were counsel for the defendant.

TOLLESON NEWS

J. A. Riggins, county superintend-
ent of schools, was in Tolleson Fri-
day morning.

Oliver Mills is now driving a new
Maxwell touring car.

S. W. Peskey, janitor on the Salt
in the Tolleson district, is erecting
buildings and will soon move onto
his ranch, recently purchased from
C. T. Williams.

R. Guy Davidson, of the Phoenix
steam laundry, was a business vis-
itor in Tolleson Friday forenoon.

J. H. Williams, who recently pur-
chased what is commonly known as
the old ostrich farm, has begun op-
erations thereon and in the near fu-
ture will subdivide the entire tract
into forty acre pieces and offer them
for sale.

The ladies of Tolleson church are
contemplating holding a bazaar on
December 3.

On Tuesday afternoon at 4 o'clock,
at the residence of Mr. and Mrs.
Hans Nelson in Phoenix, the mar-
riage of Edgar Allan Wootton and
Miss Burnice C. McDonald was so-
lemnized in the presence of a few
invited guests. Mr. Wootton is the
foreman of the J. Garnett Holmes
ranch. Mrs. Wootton has been a
teacher in the public schools of this
county for some time past. Both
are favorably known throughout the
community. Mr. and Mrs. Wootton
will take up their residence at an
early date on the Stewart ranch west
of Tolleson.

The ladies of the neighborhood
northeast corner a very pleasant ac-
tress on Monday with Mrs. M. E.
Trout on the Christy road.

On Wednesday of last week, Porter
Bros. shipped from their ranch to
Bisbee, ninety-eight porkers that
averaged one hundred and ninety-
three pounds apiece.

The Tolleson correspondent is in-
terested in the community about
Tolleson. He believes the region has
not had the publicity it deserves,
and bases his belief on the fact that
not long since he had occasion to
call up a certain business house in
Phoenix to ask the item of a com-
plaint. He was told that a number of
certain goods be mailed to him, upon
giving instructions that the article
be mailed to Tolleson. The party tak-
ing the order asked: "Where on
earth is Tolleson?" So now you deni-
zens about Tolleson who want to let
people know that Tolleson is in the
postoffice directory, if not on the
map, make it your business to either
drop a card with the item of a com-
plaint. Hox, 42, Tolleson, or phone 261-R-3

will take it, and thus your friends
in other parts of the valley will
know of the activities of your com-
munity and yourselves.

Mesa News Notes

HORSES WANTED.

E. W. McClelland, horse-buyer, will
be in Mesa at the Mesa livery and
feed stables on Saturday, November
13, prepared to purchase horses, from
5 to 2 years, 1100 pounds and up,
and mules, 3 to 7 years, 14 hands 2
inches and up; all animals must be
sound and serviceable.
Mr. McClelland has been in the
valley for about three weeks, in
which time he has purchased and
shipped into Missouri three carloads
of horses and mules, the majority of
which, on arrival at destination, have
been disposed of to the allied forces
army agents for service abroad.
Ranchers desirous of obtaining the
highest cash prices for their stock
will do well to bring their animals
in next Saturday, Mr. McClelland in-
tends to spend the winter in the
Salt River valley, where he will be
buying, off and on, for the next six
months at least, and will make Mesa
his headquarters.

FRANK HILLMAN LEAVES.

Frank Hillman, rancher and cattle-
man of Naco, Arizona, returned to
his home Tuesday evening. Mr. Hill-
man has been in Mesa for a few
days, looking after various of his
interests, including 312 head of fine
steers he has pasturing on Sam
Swift's ranch. One reason for his
hurry home is the big contract he
has for hauling ore from the
mines to the mill at Naco, which en-
gagement demands a great deal of
his personal attention.

DAN KLEINMAN HOME.

Big Dan Kleinman, whom pass-
ing years don't seem to make too
old to be unsympathetic, nor too big
to pass by children and dogs on the
street, has returned to Mesa, and his
friends (the entire population) re-
joice the treat. During his long
absence, in company with his good
wife, he visited Lund, Cedar City,
and Dixie, Utah, (the latter city
being his birthplace, and the oldest
town in the world). They spent a
week in Salt Lake and Ogden, leav-
ing there for the coast via the fa-
mous Ogden-Lund cut-off, by which
the railroad directly crosses the
great Salt Lake. At San Francisco
they received a cordial welcome and
Dan received a welcome cordial and
after thoroughly doing the fair, with
a few days at Berkeley, they depart-
ed for Los Angeles, remaining there
one week, returning to Mesa from
that city.

H. A. MORTENSEN HERE.

H. A. Mortensen, brother of Ander-
sen and A. C. Mortensen of Mesa,
arrived in town Tuesday morning to
spend a few weeks with his rela-
tives. Mr. Mortensen, who is a resi-
dent of Sanford, Colo., lived in Mesa
during the winter of 1909-10 and ex-
pressed great satisfaction with the
Arizona climate, as opposed to his
own home town.

tion of the Mesa sewer system, Doyle

BASKET BALL.

The basket ball team that played
the Mesa High school Tuesday af-

holds the championship, Chandler did
fairly well. It was a very close
game and the locals felt quite hon-

the best game that they had had
this year. There will be another
